Oil charge pump

Part no. 9881559

With this hand pump, oil can be directly pumped from the oil can into the compressor crank-case without air or moisture re-entering the refrigeration system. The compressor does not need to be evacuated thus reducing charging time by over 70%. It pumps 50ml in one pump stroke.

Oil change pump

Part no. 9881557

Ideal tool to recover oil from a AC/R compressor without the compressor having to be dismantled. 100ml recovery volume per pump stroke.
